OTHER SUPPORT

Describe current and pending grants or contracts from which the investigators proposed for this project are now drawing or anticipate drawing support. Identify program by title, agency, or organization supporting such work, the level of financial support given, and the percentage of time spent on each project. Briefly describe the contents of each. If any of these overlap, duplicate, or are being replaced or supplemented by the present application, justify and delineate the nature and extent of the scientific and budgetary overlaps or boundaries.
