Virtual Workshop on Air Pollution and Health in Southeast Europe

June 8–9, 2021
Before we begin

All attendees are muted (view-only) for the duration of the webinar.

There will be a Q&A period after each session. Please submit questions via the Q&A function at any time during the webinar. You can also “upvote” questions in the Q&A.

If you experience any logistical difficulties, please contact us using the “Chat” box.

Webinar slides and video will be available in the coming weeks. Please check HEI website for details: https://www.healtheffects.org

If you plan to post about the workshop on social media, please use #SEEAQ2021.

Thank you for completing the post-workshop survey that will be emailed to you tomorrow.
Invitation to the 1st meeting of partners dealing with environmental health in Eastern & South-Eastern hosted by the ISEE Europe

We would like to provide a wide forum for ideas and exchange between different partners working in the field of environmental health in Eastern and South-Eastern Europe, and beyond. Our aim is to increase collaborations, and to provide opportunities for discussions, actions and ideas to foster environmental health research in Eastern & South-Eastern Europe.

The first virtual meeting will be held on 30th June 2021 from 16.00-17.30 (CEST).

This event is open to everybody that would like to foster environmental health research in Eastern and South-Eastern Europe.

For more information, please contact Artur Badyda (email: artur.badyda@pw.edu.pl) or Tamara Schikowski (email: tamara.schikowski@iuf-duesseldorf.de).

Please check our website http://www.isee-europe.com/
